Subject: Online Column Article Publication

Good afternoon, the American Physical Therapy Association has asked me to write an essay for an online column entitled "Defining Moment". This essay is about a defining moment for me in my career as a physical therapist. Please see attached essay for your review and link to the online "Defining Moment" column. I was not sure if this essay required your approval, but I thought it best to run it by your office. Please advise if we are "ok" to publish or not. Please let me know if you have or need any additional information.

Ms. (b)(6),

Good morning. I'm (b)(6) and I'm the Director of the Air Force's Texas Labor Law Field Support Center and we are a tenant here at Randolph located in the Taj Mahal. I have been asked by the American Bar Association to write an article for their publication (magazine) "The Public Lawyer." It is attached. It's a very simple article basically explaining the rights that civilian employees in the Air Force have, a little bit about life as a JAG, and then a couple of paragraphs of how to keep peace in the workplace.

I have already forwarded this article to my headquarters at Andrews AFB and they have reviewed/edited and blessed it. Per AFI 35-102, page 4, para 5 et seq., I still need "clearance" from my local Public Affairs office before I can forward it to the American Bar Association for their consideration.

Thus, I would be most appreciative if you could review the attached article and get back to me with any comments, etc., so I can then forward it up to the American Bar Association.

Thanks so much.
